TO WHOM IT MAY CONCERN

SJS Sheeting Ltd are one of our preferred roofing and cladding subcontractors.

They have successfully, and to a high quality, serviced several projects on a design and build JCT contract basis from late 2021 through to current day.

Their service, from point of tendering to completion, is second to none. They take care in every scheme, being project focused, and support our role as Main Contractor, ensuring that our reputation for best quality builds is demonstrated in every contract.

PMC Midlands Ltd will continue to rely on SJS Sheeting Ltd to provide us with the great quality that we always receive.

As a Main Contractor our work is reliant on a group of subcontractors that deliver on their promises every time, and I can personally vouch that SJS Sheeting Ltd achieve this requirement.

I am more than satisfied with their work and would absolutely recommend them.

I look forward to working with them for the foreseeable future.
